

The Working Tool for all day Performance

CIRCLE™ - SC 260 USB MS II

Certified for

Skype
for Business

SC 260 USB MS II

Sennheiser SC 260 USB MS II is a robust, double-sided, wired, soft phone headset for UC professionals in Contact Center and Office workplaces using Skype for Business. Features an in-line call control unit for seamless call management.

Sound leadership

With Sennheiser Voice Clarity and noise-cancelling microphone, the SC 260 USB MS II optimizes speech intelligibility in noisy environments to deliver a clearer, more natural conversational experience during calls.

Quality design

Built to last, the SC 260 USB MS II is with its durable construction designed for years of continuous use. Its lightweight, metal reinforced headband with numbered grooves gives a personalized fit and a fully adjustable, bendable boom arm positions the microphone perfectly.

User focus

Designed for all day use, the SC 260 USB MS II features CircleFlex® dual-hinge ear cups with ear pads in soft acoustic foam with leatherette cover for user flexibility and long-lasting user comfort. Sound en-

hancement profiles adjust automatically for optimal voice or multimedia experience while Sennheiser ActiveGard® technology protects users from acoustic shock and sudden sound surges. Additionally, a nylon carry pouch for transport or storage is included to protect the headset when not in use.

Features and Benefits:

- Certified for Skype for Business - with integrated call control and USB connector
- Sennheiser Voice Clarity - wideband sound for a natural listening experience
- Noise-cancelling microphone - filters out ambient noise for optimum speech clarity
- In-line call control unit - ergonomic, simple and functional for seamless call management
- Unique magnetic holder – simple fixation of the call control unit to the work desk for easy call handling at your fingertips
- Best-in-class comfort - CircleFlex® dual-hinge ear cup system adapts seamlessly to your ears for perfect fit
- Acoustic foam ear pads with soft leatherette cover - for user flexibility and all day wearing comfort
- Adjustable fit - numbered headband

grooves for step-by-step adjustment for perfect fit every time

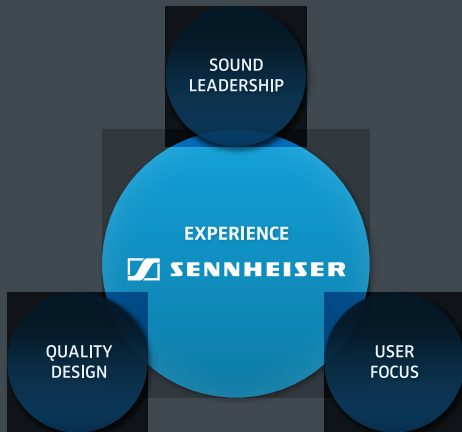

- Unique robust design - crafted with look and feel in mind
- Built to last - its durable construction with lightweight, metal reinforced headband is designed for years of continuous use
- Bendable boom arm - ensures optimal microphone position all day long
- Flexible microphone placement - the pivotable boom rotates through 350 degrees for wearing on either right or left ear
- Name tag personalization - easy user ID helps to avoid wearing a neighbor's headset
- Optimized for communication and multimedia - due to automatic sound-enhancement profiles
- Sennheiser ActiveGard® - technology protects you from acoustic shock and sudden sound surges
- Protective nylon carry pouch - for easy storage or transport
- Switchable Noise at Work limiter - in compliance with EU Noise at Work legislation*

* EU Noise at Work Directive (Directive 2003/10/EC)

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in offices, call centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets and speakerphones for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
